

IMPORTANT!

PLEASE READ BEFORE USING SPOTTING BELT

Congratulations on purchasing a Somersault Spotting or Twisting Belt from Springboards and More (A division of DIVE Cincinnati, Inc.) We are confident that you will find it a valuable addition to your existing spotting equipment.

Carefully read ALL of the following tips and warnings
BEFORE using your spotting or twisting belt.

- ANY ACTIVITY involving height or motion creates the possibility of catastrophic injuries including paralysis and even death. ONLY properly trained and qualified participants should use this spotting belt.
- USE OF THIS SPOTTING BELT WITHOUT proper supervision could be DANGEROUS and SHOULD NOT be undertaken or permitted.
- AS WITH other equipment, ALWAYS CHECK this spotting belt for wear and INSPECT IT CAREFULLY before each use.
- ALWAYS ASK the athlete using this spotting belt whether the belt is COMFORTABLE and make sure it FITS snugly BEFORE spotting begins.
- AFTER ASCERTAINING that the spotting belt fits comfortably and snugly, TEST by lifting the athlete to MAKE SURE the spotting belt is properly positioned.
- BEFORE REUSING spotting belt, CHECK IT CAREFULLY. TUG on the BUCKLE to make sure it holds. INSPECT CONNECTIONS to spotting rigs or snaps. Ask athlete to CONFIRM spotting belt is snug around waist, correctly positioned and comfortable.
- NEVER USE a spotting belt unless it FITS PROPERLY and can be TIGHTENED SNUGLY around the waist.
- DO NOT ALTER or modify this spotting belt in any way.
- The manufacturer or seller of this product are neither responsible nor liable for personal injury or property damage resulting from or in connection with the use or misuse of this spotting belt nor any other product it may manufacture or distribute.

We Welcome Any Comments or Suggestions That Will Enable Us to Make the Products We Manufacture Or Distribute Better to Benefit Our Customers. Please Call Us or Write To Us with Your Input!
