

MEASURING FOR MINI-TRAMP REPLACEMENT BED (Square or Round)

Measure the old bed and include in the measurement the metal piece that the spring hooks onto on the bed, or send us the old bed. If you do not have the old bed measure the inside of the frame from where the spring hooks onto the frame across to where the spring hooks onto the frame. We also need to know the length of the spring being used. Measure the spring off the unit and include the hooks in the measurement. We need the spring count per side if square or total spring count on round. For other shapes we need the old bed sent in or call for further instructions.

PADS

Fill in the blanks: Measure the outside of the frame to the outside of the frame. Measure from the edge of the bed to the edge of the edge of the bed.

BE VERY ACCURATE WITH YOUR MEASUREMENTS. CUSTOM BEDS OR PADS WILL BE MADE TO THE SPECIFICATIONS YOU PROVIDE TO US ON THIS FORM. NO REFUNDS OR EXCHANGES WILL BE MADE ON CUSTOM BEDS OR PADS. CORRECTIONS, OR REPLACEMENT WILL BE AT YOUR EXPENSE. PLEASE CALL WITH ANY QUESTIONS REGARDING THESE INSTRUCTIONS.

I UNDERSTAND AND AGREE TO THE ABOVE.
