

"Your Complete Source for Springboard and Platform Diving Equipment and Supplies"

The Duraflex Fulcrum Parts Kit

(Item # FP500L or FP500S)

<u>QUANTITY</u>	<u>ITEM NUMBER</u>	<u>DESCRIPTION</u>
1	R510L	LONG Roller with Foot wheel attached++
		-OR-
1	R510S	SHORT Roller with Foot wheel attached++
1	522	Tie Plate
2	517	Complete Roller Block (comes fully assembled which helps with installation because you can use one as a reference when installing the other).

Each Complete Roller Block Assembly includes the following parts (TWO #517's come with this kit):

1	515	Rubber Bumper
1	516	Anti-Rattle Clamp ("L-shaped" with white Teflon)
1	518	Slide Bearing
1	521	Roller Clamp ("C" shaped metal band)
1	524	Roller Bearing
2	526	Tie Plate Bolt w/Nuts
2	528	Anti-Rattle Bolt w/SF111 Lock Nuts
2	533	Roller Clamp Studs with Lock-nuts
1	PM110	Grease Gun
1	PM111	Grease - Mystik JT – 6

++ If your Duraflex Diving Stand has Guard Rails – you should order the LONG Roller with Foot wheel Kit (FP500L). If your Duraflex Diving Stand does NOT have Guard Rails, you should order the SHORT Roller with Foot wheel Kit (FP500S).

NOTE: The Slide Tracks (Item C208) are NOT included with the Fulcrum Parts Kit but can be ordered at the same time and shipped with your FP500 Kit.
