SOME OF THE OLDER FOLD UP TRAMPOLINES HAVE A SPOTTING DECK ON THE SIDES. IF SO, WE NEED THE MEASUREMENTS SHOWN.

DOES THE TRAMPOLINE HAVE "V" OUT SUPPORT ON THE SIDES AND ENDS? _____

FILL IN ALL MEASUREMENTS THAT APPLY TO YOUR TRAMPOLINE

All measurements must be very accurate. If they are not a stock pad, custom pads will be made to customers measurements. Standard pads do not cover the corners as there are usually no springs in the corners, if someone steps there they will fall through. If the customer requires corners covered we will make a custom set of pads. No refunds or exchanges will be made on custom items. Corrections or replacements and S&H will be made at customers expense.
