

"Your Complete Source for Springboard and Platform Diving Equipment and Supplies"

WORLD AQUATICS (Formerly FINA) / USA Diving / NCAA
Depth and Dimensions Confirmation Letter

NAME OF FACILITY: _____

ADDRESS OF FACILITY: _____

CITY / STATE / ZIP CODE: _____

Effective 9/1/2010, the Duraflex International Corporation established a policy that states that all purchasers of their diving boards (regardless of the model), a 1 Meter or 3 Meter Duraflex Diving Stand, or a Duraflex Short Stand must submit a signed letter on your school, club, or local government letterhead that confirms your pool meets or exceeds minimum depth and dimensions as specified by World Aquatics (Formerly FINA), USA Diving, the NCAA or the National Federation of High Schools (NFHS). If this equipment is for a residential pool, then the architect or contractor must submit this signed letter on their company letterhead. I have attached the most recent World Aquatics (Formerly FINA) / USA Diving / NCAA Depth and Dimensions Chart to this e-mail. For High School Pools, please refer to the Swimming and Diving and Water Polo Rules Book from the National Federation of State High School Associations for the minimum depths and dimensions requirements. Please verify that your pool meets or exceeds these dimensions and then send (scan and e-mail, fax, or mail USPS) the signed letter to us. We are required to submit your signed letter to the Duraflex Factory with your order before they will fill and ship your order.

"I have reviewed the current World Aquatics (Formerly FINA) / USA Diving / NCAA / NFHS Depth and Dimensions regulations for diving facilities and have compared those requirements to the depths and dimensions of the diving well located at the Facility named above. The diving well / pool listed above where this diving board(s) or diving stand(s) will be installed and used, meets or exceeds all of the current minimum depths and dimensions required for a competitive diving well as specified by World Aquatics (Formerly FINA), USA Diving, the NCAA, or the NFHS. I am authorized by the aforementioned organization or facility to make and sign this statement as fact."
